HOMILY

Jesus gives a mission to his followers to '*Go to baptise*'

This mission is being fulfilled today in a more concrete manner.

But he is setting you and me on a mission to baptise each and everyday.

Not in the sense of what I am going to do shortly, baptising a Farai and Kudakwashe in the name of the Father and of the Son and of the Holy Spirit.

We his followers are commissioned day in and day out to go and baptise people in a more practical way.

Each time we join a community we have graced that community.

Baptism is a call join the community

Each time we let someone join our community we have them baptised.

Baptism is about inviting people to our community our groups.

Baptismal work is not only a direct faith work as we are doing today.

- It is faith applied,
- it is work for a just society,
- it is also about enabling people,
- equipping people,
- encouraging others
- cheering people

If such is the case, how many people have I already baptised today and who badly needs my baptism today?
